ISU Cookie Privacy Disclosure

LAST UPDATED: 18 May 2018
Please contact Information Technology Services to obtain a copy of this notice as of a particular date.

EFFECTIVE DATE: 24 May 2018

Cookies Disclosure
This cookies disclosure will inform you about the cookies used on the Iowa State University website and tell you about your choices relating to those cookies.

We may change this disclosure at any time but will notify you of any significant changes to it before they take effect.

1. Use of Cookies on this Website
2. Types of Cookies
3. Common Cookies
4. Adwords

1. Use of Cookies on the Iowa State University Website

A cookie is a small file, typically of letters and numbers, downloaded on to a device such as a computer when a user accesses certain website. To the extent cookies can identify an individual via their device, they are considered personal data.

This web site may use cookies or local storage solely to aggregate information about the pages that users visit so that we can update and redesign, as necessary, our web site in order to provide you with the most useful information.

Cookies or local storage can expire at the end of a browser session (from when a user opens the browser window to when they exit the browser) or they can be stored for longer.

Many Iowa State University websites use third-party tracking tools to monitor and improve sites or to provide ads and other information that may be of interest to users. These tools may collect the following information:

- Internet protocol (IP) address for your computer/device
- Internet service provider
- Website from which you arrived
- Operating system and web browser software
- Date and time of your visit
- Pages you visit on this site
- Terms you use in our site’s search engines
Third-party tools like Google Analytics help website administrators track site usage, understand how users find sites, and improve website function and content.

Other third-party tools show Iowa State advertisements on sites across the web. Using cookies and related technologies, these tools show ads to people who've previously visited our websites or might be interested in our sites based on other sites they've visited.

You may also see Iowa State ads served to web users in specific geographic areas, or ads that appear to every user who visits a given website. These ads may appear regardless of your browsing behavior.

Web technologies are continually changing, and Iowa State University colleges, departments, and programs use various technologies and practices. Not every topic is addressed here. The University, its units, employees, and agents shall not be liable for improper or incorrect use of information obtained through the use of Iowa State websites.

2. Types of Cookies

Session cookies – allow websites to link the actions of a user during a browser session. They may be used for a variety of purposes such as remembering what a user has put in their shopping basket as they browse around a site. They could also be used for security or to facilitate use of webmail. These session cookies expire after a browser session so would not be stored longer term.

Persistent cookies – are stored on a users’ device in between browser sessions which allows the preferences or actions of the user across a site (or in some cases across different websites) to be remembered. Persistent cookies may be used for a variety of purposes including remembering users’ preferences and choices when using a site or to target advertising.

First and third party cookies – Whether a cookie is ‘first’ or ‘third’ party refers to the website or domain placing the cookie. First party cookies in basic terms are cookies set by a website visited by the user - the website displayed in the URL window. Third party cookies are cookies that are set by a domain other than the one being visited by the user. If a user visits a website and a separate company sets a cookie through that website this would be a third party cookie.

Social Media Third Party Cookies–To enrich our website content, sometimes we may embed video content from other social media websites such as YouTube or Facebook. As a result, when you visit a page with content embedded, you may be presented with cookies from these websites. Iowa State University has no control or liability over these cookies set, so you should check the relevant third party’s cookie policy for more information.

We also offer a “share page” widget on some of our web pages, where content can be shared easily on the following sites Facebook, Twitter, LinkedIn and
Google+. These sites may set a cookie when you are logged into their service. Iowa State University has no control or liability over these cookies set, so you should check the relevant third party’s cookie policy for more information.

### 3. Common Cookies

<table>
<thead>
<tr>
<th>Common Cookies Cookie Name</th>

4. Adwords
This website may also use a remarketing feature in Google AdWords to reach out to people who previously visited our website. Remarketing involves classifying users according to how they use our website and creating an audience segment for third-party vendors, including Google, to show our targeted ads on third party websites. For example, if you access our contact form to make an enquiry about a particular product on our website, you may receive information relevant to that
product within a specific time of visiting our website. This could be in the form of an
ad on the Google search results page, or on a site in the Google Display Network.
You can set preferences for how Google advertises to you using the Google Ad
Preferences page, and if you want to, you can opt out of interest-based advertising
entirely by changing your cookie settings or permanently using a browser plugin.

How to control and delete cookies
You can manage cookie usage through your browser settings. The help function in
your preferred browser should provide you with the correct information. Some
browsers provide helpful cookie guides:

- Chrome: [https://support.google.com/chrome/bin/answer.py?hl=en&answer=95647&p=cpn_cookies](https://support.google.com/chrome/bin/answer.py?hl=en&answer=95647&p=cpn_cookies)
- Internet Explorer: [http://support.microsoft.com/kb/278835](http://support.microsoft.com/kb/278835)

Alternatively, [http://www.allaboutcookies.org](http://www.allaboutcookies.org) provides advice on how to do this,
and further information on cookies and how to manage them.

In addition Google Analytics and AppNexus Platform offer provide their own opt-out options:

- [http://tools.google.com/dlpage/gaoptout](http://tools.google.com/dlpage/gaoptout)
- [http://www.appnexus.com/platform-policy#choices](http://www.appnexus.com/platform-policy#choices)
- [http://optout.networkadvertising.org/?c=1#!/](http://optout.networkadvertising.org/?c=1#!/)

N.B. In the case of some mobile devices, it may be necessary to consult the
device’s instruction manual to manage cookies effectively.
