

# 1 **Bicycle Registration and Parking**

2 Effective: Moved to Policy Library from UPM 12.7(2)

3 Contact: [ISU Parking Division](#)

## 4 **Introduction**

5 As with motor vehicle parking, the parking of bicycles must also be controlled to keep the campus safe and convenient for  
6 everyone. These regulations are intended to prevent bicycle parking in areas of high pedestrian traffic, areas that could  
7 cause a safety hazard, or could be disruptive to other people.

8 These regulations have been adopted under the authority granted to the Board of Regents by 262.69, Code of Iowa, and  
9 Iowa State University by Iowa Administrative Code 681-4.32 (262).

## 10 **Policy Statement**

11 All bicycles on the ISU campus must be registered and/or licensed through Iowa State University or the City of Ames.  
12 Registrations are available free of charge at DPS offices, Ames City Hall, all local bicycle shops, and various businesses  
13 throughout Ames.

14 Bicycles must be parked in the fixed racks provided. They must not be parked on lawns or sidewalks, or chained to trees,  
15 light poles, fences, benches, or other fixtures. Bicycles considered abandoned or improperly parked may be impounded by  
16 cutting and removing the locking devices, when necessary. Bicycles parked on disability access ramps will be immediately  
17 removed and impounded.

18 Bicycles may not be taken inside any building except when authorized by the Department of Public Safety.
